created VPP, Profile manager on Mac Mini server -pushes apps thru wireless

Celia @ccoffa at 2:12 PM, 21 Mar 2013

mac Mini server - linked to network to manage iPads

Raff Grasso rgrasso@shkew.catholic.edu.au ICT Leader

Invotech - supplier. Wireless manager included

App audit - to gain teacher feedback on efficacy

Not all Apps are in the VPP system

VPP gives you an individual code for each iPad

VPP makes Apps cost less

Mac1 deployed iPad's as part of purchase \$

School credit card required for VPP - see iTunes for details

Volume purchasing available for App purchasing

Configurator allows management of Apps

We bought ours from JB HI FI and they were by far the cheapest option after lots of research (2012)

Synch tray - 10 iPad's Looking at Mac Configurator

eLockers and Dropbox can be useful with sharing files on iPads

Mac1 ran PD and supplied hardware

Anyone please add details of their suppliers

Sharing ideas on suppliers

Ipad's in schools - differing ways of engaging teachers. Need 'sandbox' time

Collaborate and share: is it possible to visit schools using digital technologies to enhance learning outcomes?

To foster a Personal Learning network among the members of this group?

@Raff, the dates are now on the wiki

1- How are other schools going with 1:1? 2- How are your schools approaching the use of Internet resources that are viewable by the public?

Can we have dates for rest of Elearning network meetings 2013?

Lots of tricky questions well fielded by Dean and the Icon Coaches.

Thanks Guys. Your work is greatly appreciated by the group.

Looking at buying iPads. What do I need to know?Robyn at 1:00 PM, 21 Mar 2013

Can Richard show us how to set time restrictions for internet use through zscaler.Damien at 12:59 PM, 21 Mar 2013

We just purchased our very first iPads! HELP! :)Sarah at 12:59 PM, 21 Mar 2013

I agree - ICON coaches are a great resource for zScaler. Also thanks Richard!Emzkind at 12:45 PM, 21 Mar 2013
